PROFESSIONAL SUMMARY

Frontend Developer with 5 years of experience building responsive, accessible, and high-performance web applications. Specialized in React.js, TypeScript, and modern UI architectures. Proven ability to collaborate across disciplines to deliver intuitive and scalable user experiences including dashboards, search interfaces, and documentation platforms. Passionate about UI/UX design principles, performance optimization, and clean, testable code aligned with business goals.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, Jinja (basic)

Frameworks / Libraries: React.js, Angular, Redux, Next.js, Vue.js, Nuxt, HTMX

Testing: Jest, Cypress, Playwright

Tools: Git, Webpack, Babel, Figma, Storybook

Practices: RESTful APIs, Accessibility (WCAG 2.1), Responsive Design, Agile/Scrum

PROFESSIONAL EXPERIENCE

Senior Front End Developer | HCL Tech (Client: Google) June 2024 – Present

- Engineered modular, reusable UI components in Angular and TypeScript for internal documentation portals and user dashboards.
- Delivered accessible and responsive features fully compliant with WCAG 2.1, improving usability scores by 18%.
- Built and optimized search interface components to enhance user navigation experience.
- Collaborated closely with designers and product teams to translate Figma mockups into functional, accessible UIs.
- Implemented Playwright and unit tests, maintaining 90%+ code coverage and enhancing release confidence.

Frontend Engineer | Tata Consultancy Services (TCS) Jan 2020 – Sep 2022

- Developed interactive React.js applications including dashboards and admin interfaces for enterprise clients.
- Integrated REST APIs and implemented secure auth flows using JWT, boosting login performance by 28%.
- Enhanced usability through responsive layouts and user feedback loops; collaborated with UX teams for wireframe reviews.
- Participated in Agile ceremonies and worked closely with product managers and backend developers.
- Contributed to reusable design systems and maintained consistency across frontend modules.

Software Engineering Intern | Cyient May 2018 – June 2019

- Contributed to internal dashboard enhancements using vanilla JavaScript, HTML, and CSS.
- Debugged layout inconsistencies and delivered component-level refinements focused on usability and performance.

EDUCATION

Master of Science in Computer Science Aug 2022 – Dec 2023

Oklahoma City University

Bachelor of Technology in Information Technology

Kakatiya Institute of Technology and Science

Aug 2015 – May 2019
